Computer/Internet Permission

iLEAD Lancaster Charter School is pleased to offer its students high-speed access to the internet. The Internet is a worldwide communications network through which students may communicate with other Internet users through text, graphic and audio transmission. iLEAD uses the internet as one of its primary sources of information and education.

In addition to enabling direct communication between users, access to the Internet enables students to explore thousands of libraries, databases and bulletin boards, which exist on computer servers around the world. iLEAD's sole intent in providing access to the internet is to further educational goals and objectives. Students and parents are warned that users may, either intentionally or unintentionally, access text, graphic and/or auditory information, which is pornographic, sexually explicit, illegal, defamatory and otherwise offensive to the user or others. Access to the above material is strictly prohibited and iLEAD Lancaster Charter School has taken action to prevent students and staff access to the above-mentioned material, including the use of blocking software and firewalls.

However, because of the changing nature of information on the Internet, it is impossible for iLEAD Lancaster Charter School to completely prevent access to such material. It is therefore the responsibility of students and parents to set appropriate standards, concerning the access and use of material contained on the internet. I am the parent or legal guardian of the below named student ("Student"). I hereby grant permission for Student to access the school computers and Internet. By signing this Agreement, I agree I will take no legal action, now or in the future, against iLEAD Lancaster Charter School, its Governing Board, officers, administrators, teachers, employees and volunteers at iLEAD Lancaster Charter School caused by, or resulting from Student's access to the Internet. I hereby release iLEAD Lancaster Charter School from any liability, whatsoever which may arise as a direct or indirect result of Student's access to the internet.

I am the parent or legal guardian of the above-named ("Student"). I hereby grant permission for Student to access the school computers only.
