

The background features a collage of hand-drawn illustrations of books and papers. Some books are open, showing pages with text, while others are closed. The drawings are in a simple, sketchy style with black outlines and some light shading. The books are scattered across the page, creating a sense of a library or a study area.

# READ BOOKS!

We would like to acknowledge our iLEAD Dragons who participated in the LA Clippers' Read to Achieve Minutes Challenge. Due to their **OUTSTANDING** reading skills, we ranked #4 out of 16 schools that participated in LA County!

Our campus's top readers are in 7th grade!

Way to go, Dragons!
